"We love this completely renovated Loft-style penthouse in the heart of Fuengirola. It is on the third line of the beach and is a 5-minute walk from the center, where you will find the train station and the bus station. The area is completely surrounded by all kinds of businesses, shops and supermarkets. The apartment is modern in style and has every corner very well used, with a kitchen, a living room with seats built into the wall. Of course, it has a room with a wardrobe built into the wall again and the jewel in the crown, which is a beautiful terrace with large windows with side views of the sea. It is important to note that it is a fourth floor without an elevator, although the building is not high-rise. For any questions or queries and if you want to organize a visit, do not..."
